## The Cultivating Excellence Awards

*Jennifer Polanz*

That's right, we here at *Inside Grower* have partnered with the folks at Indoor Ag-Con to present a brand new slate of awards at the upcoming Indoor Ag-Con show at the Westgate Las Vegas March 11-12, 2025.

The awards, called the CEAs, or Cultivating Excellence Awards, came out of a need and desire to recognize the ground-breaking growing operations in our industry that are innovative and sustainable. To that end, there are two grower-focused awards, the Operational Excellence Award and Good Stewardship Award. There is also a third

industry award—the Product Innovation Award—to honor those new products that address the evolving needs of growers.

Find out more details at the [CEAs website](#) and make sure you fill out your nomination form by **Friday, December 13** to be considered. Our judging panel will choose three finalists for the Operational Excellence Award and three finalists for the Good Stewardship Award. Each of the finalist companies will receive 1 All-Access pass to Indoor Ag-Con, and will be recognized at a luncheon gala the first day of the show, where we will announce the winners.

Questions about the awards and/or the nomination forms? Please email Jennifer Polanz at [jpolanz@ballpublishing.com](mailto:jpolanz@ballpublishing.com).

*A very special thank you to our sponsor:*
